  1. Old Business.
    - a. December 9 Meeting: Bill has some notes from Dec 9 meeting. *Budget discussion-* we need to put together a draft budget for FY17 by February. *Aurora Series-* Bill and Shelby talked with Rick and Ken, should it be used to target symposium papers from the meeting? Everyone should start coming up with ideas such as government publications, dissertations, etc. to get that going again. *Storage space-* our current space is adequate. Cindy, Jason, Vivian and Joan went out there and cleaned up/picked up books for the conference. Joan is willing to work on the curation aspect. We can transfer the AlaskaAnthroCurator account over to her, it will not be a board position. *Awards-* we need to get nominations going. Bill would like to see Ken or Erica get nominated for an award. We should all look at the list of previous awardees and see if we can come up with some new ideas.
    - b. Arctic Social Science Town Hall- Shelby has been sending out the flyers for the town hall. There is a workshop in Portland ahead of time. Shelby will send Kelly a link from our website. Shelby is working with Brinnen for the room, food, and drinks at the meeting.
    - c. Speaker- Vivian is working on flights for Jim Delgado.
    - d. Web & Conference- Kelly suggests a combined abstract/registration system for next year but they are working away with what they have now.
