

48th Annual Meeting of the Alaska Anthropological Association

Academic Support & Success, Career Development Workshop

Marine Vanlandeghem Gillespie

Pronouns: *she/her/hers*

Université Paris 1 Panthéon Sorbonne

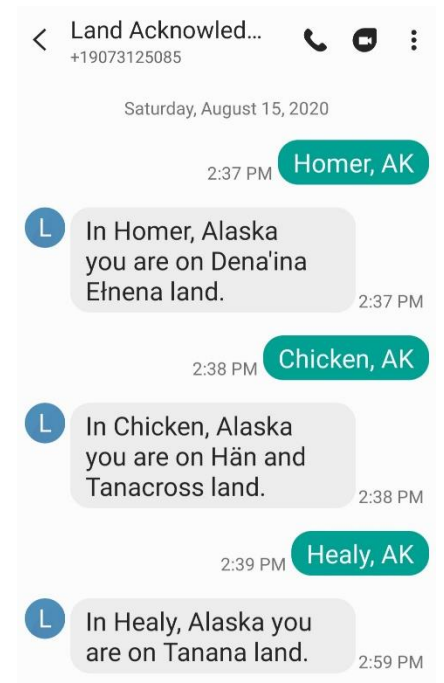

Land acknowledgment

We acknowledge we are working on the ancestral lands and waters of Troth Yeddha', home of the Lower Tanana people. We also acknowledge that these lands and waters are the unceded, ancestral territories of the Dené people who stewarded these places for thousands of years and continue to steward them. We thank them and respect their enduring relationship to their traditional homelands.
